Career Objective

Proactive BCA student with expertise in crafting static and dynamic websites, seeking an entry-level web development role to utilize advanced skills in HTML, CSS, PHP, MySQL, and AI tools (Grok, ChatGPT, DeepSeek, Blackbox) to deliver innovative, user-centric IT solutions and enhance organizational efficiency.

Education

Bachelor of Computer Applications (BCA)

Shree R.K. Patel BCA College (H.N.G.U University), Nani Kadi, Gujarat

Anticipated Completion: June 2026 | SGPA: 8.33/10 (6th Semester)

- Note: Preparing for re-examination in Java Programming (5th Semester)
- Relevant Coursework: Web Development, Database Management, Programming in C, PHP

Higher Secondary Certificate (12th GSHSEB)

Graduated: 2022 | Percentile: 84 (PR), Marks: 74%

- Stream: Commerce

Technical Skills

- ✓ Web Development: HTML, CSS, JavaScript, PHP
- ✓ Database Management: MySQL, phpMyAdmin
- ✓ AI Tools: Proficient in Grok, ChatGPT, DeepSeek, Blackbox for productivity and problem-solving
- ✓ Hardware & Software: Hardware Installation, Software Troubleshooting, System Performance Optimization

Projects

King's Row Cafe (Final Year Project)

- Developed a dynamic website, recognized as the best project in college, using PHP and MySQL to manage orders, reservations, customer support, and data.
- Designed responsive layouts with HTML and CSS for seamless cross-device compatibility.
- Code available upon request

Student Attendance Management System

- Built a web-based system using PHP and MySQL, enabling teachers to record daily student attendance with automated email notifications sent to all students upon submission.
- Created intuitive interfaces with HTML and CSS for efficient record management.
- Code available upon request

Pet Adoption Hub

- Designed a static website using HTML, CSS, and JavaScript to connect pet adopters with shelters, featuring login-based adoption and contact forms integrated with Formspree API for admin email notifications.
- Incorporated interactive elements like pet galleries to enhance user engagement.
- GitHub Repository: github.com/patelkaushal1902/Pet-Adoption-Hub
- Live Demo: <https://kingsrowcafe.rf.gd/>

Portfolio Website

- Developed a responsive portfolio with HTML, CSS, JavaScript, and unique GSAP scroll-triggered animations, featuring a Formspree-API contact form and skill progress bars.
- GitHub Repository: github.com/patelkaushal1902/portfolio
- Live Demo: <https://kaushalpatel.rf.gd/>

Additional Skills

- ✓ Strong Problem-Solving
- ✓ Analytical Thinking

- ✓ Effective Team Collaboration
- ✓ Clear Communication
- ✓ Proficiency in AI Tools
